and wish you much joy with your little daughter
Give my best respects to Mr Libby and Roughton
tell them to rouse up their Dickey and not so
high ~~and~~ but that they can spit over them.

Respected Friends

Agreeable with your request and my own inclination I now devote a few leisure moments to inform you how I prosper but I expect your little Daughter has engrossed your mind so much that you have almost forgotten your friend Gildah we have had so much dull cloudy weather here that I am rather dull and homesick and if I could just be permitted to call on you this after-noon I should enjoy myself very well But as I am deprived that privilege I hope you will favour me with a letter as soon as you receive this I like Lowell very much it is a very busy place and the Girls earn a great deal of money and some spend more than they earn after I come here I became acquainted with a girl that knew Susan and all her folks at Concord that being her Native place I took much pleasure in informing her how pleasantly you were situated and I was happy to tell her that I thought you enjoyed as much domestic happiness as any two I ever saw if I could see you and your little Girl how pleased it would be I would kiss her a thousand times I expect she is the Prettiest little thing that ever was I want you to consider her as a great Blessing don't think too highly of her for the object of our affections are sometimes removed by the relentless hand of Death and we are left to mourn there are many things that I should like to write but Magie has got into such a Gale of Laughter that I shall stop writing for the present and hope that you will write to me as soon as convenient

Yours in haste H. B. Currier

As I cannot have the privilege of seeing and conversing with you
as I could wish I devote a few moments to inform that I am
well and hope these few illiterate lines will find you the same
I am 21 years old today and feel as independent as Jacob Mills
Mr Reed informed us that you had a little gal I expect

she can smoke a cigar as quick as any of you I want to come into
your house and eat a whole cheese and drink

a gallon of cider and smoke a neck and
tell up some of my great stories I keep
with Huldah yet we are as good Friends as ever. there is every
thing in Lowell that anybody could wish for even

Red Ribbons of all colours Pink dippers of all sizes Give
my love to Mr James folks tell I want to see
them very much indeed if there is any thing
that would be pleasing to me it would be to see
you all if there is any ~~thing~~ body that is got
to be so big that they can't inquire after us
Give them a dollar and charge it to James

Pace the Hatter I hear Mr Willy and Mary
Ann Wedgwood has done so I expect Mary
Ann will crack up her leaders give my
love to Esther tell her Huldah takes
snuff yet Kiss that baby forty times
for me I remain
